

# No Way Out

Come inside, come inside  
Fight your fear and pass the gate  
Go inside, go inside  
It's not your will, but it's your fate  
Get inside, get inside  
No one's with you on your way  
Cut the lights, cut the lights

You won't get away from here  
You got no chance to think about  
You won't get away from here  
There's one way in, but no way out

You can't hide, you can't hide  
They will catch you everywhere  
Left behind, left behind  
No one's with you, it's not fair  
Lost your mind, lost your mind  
You're insane, you're in despair  
Get inside, get inside

You won't get away from here  
You got no chance to think about  
You won't get away from here  
There's one way in, but no way out
